New-York, November 9, 1905. OFFER—The conce market opened steady at unchanged prices to an advance of 5 points, and closed ready on that basis. Sales, including switches from near its late months, were about 37,000 bass. The initial importance was due to somewhat better French cables, which, according to private advices, were influenced by which, according to private advices, were influenced by reports of continued drouth in Brazil. There was comparatively little demand here, but offerings also were light, and the market showed little speculative feature beyond the continued evening up of December contracts, which did not seem to be altering the tone of the market. There was some talk over the reports published in pressignations concerning a revolution in Brazil early, but before the hour of the local opening private calcies had been suppressed and that the situation was quiet. Havre closed if franc hisher, and Hamburg was is fig higher. Neither of the Brazillen markets reported any change, and rece pts minuted about in line with the recent average. The two ports had 55,000 bags, against 33,000 bags last year. Instally receipts for the week were 30,000 bags, against 2500 last year, and Sao Paulo had 37,504 bags, against 2500 last year, The market for spot coffee was quiet, with quotations on the basis of 85-160 for Rio No 1.
